Subject: LPRSA - May 8th tech mtg - EPA time slot on agenda

Rob,

Any update on the May 8th RI/FS technical meeting agenda? I don't recall if Stephanie had mentioned this before she left, but EPA will want an 30 minute time slot to discuss mapping approaches. Our contractors, CDM, HDR, and John Kern are preparing a presentation on the topic. So, as a heads up we will want to add that into the agenda.

Thanks,

Jennifer LaPoma
